WORK EXPERIENCE

KPMG Samjong

Seoul, Korea

Deal advisory, Full-time Senior Analyst

Dec 2021 – Present

Project: Buy-Side Advisory on Stake Acquisition of Large-Scale Offshore Wind Project

- Developed a financial model for stake acquisition, which involved setting up scenarios such as establishing an intermediate holding company and determining financial conditions to achieve the desired IRR, thereby contributing to the formulation of the business structure
- Presented profitability insights and recommendations on data adequacy to clients through English reports and presentations, thereby assisting in reaching initial agreements for the establishment of a Joint Venture

Project: Sell-Side Advisory on Partial Divestment of Jordanian Wind Power Plant

- Developed financial model incorporating overseas tax regulations in Jordan and Bahrain (incl. Capital Gains Tax and Corporate Tax), setting the benchmark price through internal deliberations of Korea Electric Power Corporation (KEPCO)
- Executed cold-call and arranged investor meetings by utilizing contact information provided on online platforms of foreign investors, resulting in securing over 7 new potential investors
- Analyzed the accounting implications of the transaction, including its impact on KEPCO's consolidated financial statements, leading to internal approval of KEPCO

Project: Financial Advisory for Construction and O&M Bid of Nuclear Fuel Assemblies Plant in UAE

- Structured a financial model to estimate nuclear fuel assembly prices and client profitability based on data provided by Emirates Nuclear Energy Corporation (ENEC), facilitating the client in submitting bidding prices based on the model
- Represented KPMG as the exclusive financial advisor during negotiations between ENEC and the client, elucidating the foundational assumptions used in the financial model and obtaining ENEC's confirmation of the proposed price

Project: Pre-feasibility study for Floating solar photovoltaic (PV) projects in Vietnam

- Structured financial model and collaborated to formulate business logic by analyzing Vietnam's renewable energy market, assisting the client in deciding whether to proceed with the project
- Represented KPMG as the exclusive financial advisor during presentation of the pre-feasibility study (Pre- FS) results to the Korea Energy Agency (KEA), contributing to obtaining confirmation on the Pre – FS results from the KEA

KPMG Samjong

Seoul, Korea

Audit delivery center, Intern

Dec 2020 - Feb 2021

- Managed the issuance/receipt of receivables/payables confirmation and financial transaction confirmation documents for audit tasks, achieving a document recovery rate over 30% higher than other interns through continuous tracking
- Contributed to the issuance of six corporate audit reports by conducting verification procedures, ensuring accuracy of the company's income statements and balance sheets calculations
